

## **HMCCQ 50<sup>th</sup> Anniversary**

Well it's off the ground and the planning outlines should be completed in the next few months, during which time we hope to put a head in the door at area meetings to listen to what the members want and to give feedback on developments.

A few design suggestions have been received and hopefully a few more will come in before a decision is made for THE logo. Space permitting, the editor may include some of the suggestions in this issue of the magazine. Let us know what you think and send in your own ideas. The more the merrier.

Choosing a venue or venues is really important as one of the key objectives is to make the event accessible to all members and cater for rides across the spectrum of bikes. Some research has already been done and we are confident of securing a suitable home for the event. Any new ideas in this regard should be channeled to Doug or Des either directly or via area secretaries, but there must be a time limit; so if you have an idea please say so before the middle of August.

Doug Joffliffe and Des Janke
